Camping is permitted ONLY at designated campgrounds. Camping reservations cannot exceed 14 consecutive days. All campgrounds have modern rest rooms, potable water, unheated showers, grills, and tables. NO utility connections are available. The Frisco Campground is located among sand dunes. The other three are on level ground. Soil of all the campgrounds is sandy; therefore, longer than normal tent stakes are recommended. There are no shade trees. Mosquitoes may be a problem; netting and repellent are recommended. The campgrounds are located on the ocean side separated from the beach by barrier dunes.

Fees: Holders of a [National Parks and Federal Recreational Lands](#) Senior and Access Pass will pay 50% of the above fees.
